Vertex® Payroll Tax Q Series® Achieves Oracle Validated Integration with Oracle Fusion Human Capital Management

Provides end-to-end functionality, open-systems flexibility and reliable Vertex payroll tax research with Oracle Fusion Human Capital Management

Berwyn, PA – October 4, 2011 – Vertex Inc., the leading provider of corporate enterprise tax solutions and a Platinum-level member of Oracle Partner Network (OPN), today announced that the company's **Vertex® Payroll Tax Q Series®** has achieved Oracle Validated Integration with **Oracle Fusion Human Capital Management**.

Vertex® Payroll Tax Q Series® is an end-to-end payroll tax calculation solution for accurate calculation of federal and state payroll taxes and the over 8,000 local payroll tax requirements. The system allows users to determine taxability on all regular and supplemental wages and applicable tax amounts to be applied in employee paychecks. By integrating with Oracle Fusion Payroll, Vertex provides Oracle users with increased efficiency, reduced risk and compliance with payroll tax regulations.

“Vertex has worked with Oracle for over 15 years to provide shared users with comprehensive payroll tax compliance technology,” said John Viglione, Chief Technology Officer of Vertex Inc. “This latest integration demonstrates our continued commitment to providing Oracle Fusion Human Capital Management users not only with accurate payroll tax calculation and compliance, but the improved efficiency and reduced risk that results from our shared solution. It also reinforces our position as a leading provider of enterprise tax solutions and technology on a global scale.”

“Vertex has a long standing history of providing tax functionality for Oracle’s payroll applications,” said Gretchen Alarcon, vice president, Human Capital Management Strategy, Oracle. “Oracle Validated Integration through Oracle PartnerNetwork gives our mutual clients confidence that the integration between Vertex Payroll Tax Q Series and Oracle Fusion Human Capital Management has been validated and that the products work together as designed.”

About Oracle Validated Integration

Oracle Validated Integration through the Oracle PartnerNetwork gives customers confidence that the integration of complementary partner software products with Oracle Applications and Oracle Technology (including Oracle Enterprise Manager, Oracle Content Management, and Oracle Identity Management) have been validated and the products work together as designed. This can help reduce risk, improve system implementation cycles, and provide for smoother upgrades and simpler maintenance. Oracle Validated Integration applies a rigorous technical process to review the integrations of third-party software to Oracle Applications and Technology products, including productized repeatable integrations from system integrators. Oracle provides access to Oracle Applications and Technology software, tools, technical resources and training to assist partners in developing integrations based on Oracle standards and best practices. Partners who have successfully validated their integrations are authorized to use the "Oracle Validated Integration" logo.

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest

enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success.
