Raising awareness

Ryan Richards

Vertex Inc., a Berwyn-based tax-technology company, and breastcancer.org are teaming up for Breast Cancer Awareness Month in October. Employees decorated the business campus with pink ribbons. Antoinette Westphal, a founding member of Narberth-based breastcancer.org, owner of Antoinette Day Spa & Salon in Paoli and wife of Ray Westphal, the founder of Vertex, passed away from breast cancer in November 2004. Preparing for the month of awareness in the pink-decorated front office of Vertex are, from left, Amanda Westphal Radcliffe, who is on the board of directors of Vertex and breastcancer.org; Stefanie Westphal Lucas, chairwoman of Vertex; and Hope Wohl, CEO of breastcancer.org.
