taxability rates and rules

## Benefits of Vertex Cloud Indirect Tax

Vertex runs on the most advanced calculation and returns software platform in the industry. The solution combines innovative tools, up-to-date tax content, and an intuitive interface to enable the following business benefits:

- + Reduce time and effort to perform sales and use tax calculations
- + Increase accuracy of calculations and compliance data
- + Speed user adoption with anytime, anywhere accessibility
- + Scale to meet businesses' changing sales and use tax requirements
- + Reduce risk of audit
- + Achieve rapid return on investment (ROI)

## Features of Vertex Cloud Indirect Tax

Everything your business needs to manage sales, use and VAT tax. It's that simple.

### Seamless integrations

Leverage proven integrations to connect with Vertex from industry-leading ERPs, procurement solutions, and e-commerce platforms.

### Calculations and returns in one solution

Automate tax calculations and generate signature-ready PDF returns in one solution.

### Returns only

Easily populate and manage sales and use tax returns with data from any financial system to save time, reduce risk and improve compliance. No custom integration or connector required.

### Exemption certificate management

Bulk upload exemption certificates or upload them one at a time, set effective and expiration dates, store the certificates, and manage customer exemptions with Vertex Cloud Indirect Tax.

### Sales tax, Consumer use tax and Value-added tax

Calculate and report consumer use tax, including for accruals, asset and goods management, inventory removal, and purchase orders.
