

Vertex and JD Edwards EnterpriseOne

Sales and Use Tax Determination

Improve tax determination with Vertex

Vertex provides powerful, automated tax determination for JD Edwards EnterpriseOne. A seamless integration enables location identification as well as complex taxability logic to deliver a precise tax calculation for every transaction. Integrating a Vertex tax engine ensures the latest tax content with reduced system update requirements.

Robust Integration

Developed and built by our team of JD Edwards (JDE) experts, Vertex tax solutions for JD Edwards EnterpriseOne integrate seamlessly to simplify the management of tax determination and compliance for even the most complex sales and use tax scenarios. This reduces the burden on your finance, tax, and technology teams, while increasing usability for reporting and returns, and reducing audit risk and exposure.
