

Vertex and Oracle CPQ Cloud (Configure, Price, and Quote)

Sales, Use, and Value Added Tax Determination

Improve tax determination with Vertex

Vertex provides powerful, automated tax determination for Oracle CPQ Cloud. A seamless integration enables location identification as well as complex taxability logic to deliver a precise tax calculation for every transaction. Integrating a Vertex tax engine ensures the latest tax content with reduced system update requirements.

Robust Integration

Vertex tax solutions for Oracle CPQ Cloud integrate seamlessly to simplify the management of tax determination and compliance for even the most complex scenarios of sales, use, and value-added tax (VAT). This reduces the burden on your finance, tax, and technology teams, while increasing usability for reporting and returns, and reducing audit risk and exposure.

Our Partnership
