

Vertex and SAP Ariba Buyer

Sales, use, and value added tax determination

Improve tax determination with Vertex

Vertex provides powerful, automated tax determination for SAP Ariba Buyer. A seamless integration enables location identification as well as complex taxability logic to deliver a precise tax calculation for every transaction. Integrating a Vertex tax engine ensures the latest tax content with reduced system update requirements.

Robust Integration

Vertex tax solutions for SAP Ariba Buyer integrate seamlessly in two places: requisition and invoice reconciliation. During *requisition*, Vertex solutions enable purchasing managers to have a full view of the tax implications, in terms of total cost, when approving or rejecting a request for purchase. During *reconciliation*, Vertex solutions help to validate that a vendor has charged an appropriate amount of tax (sales, consumer use, VAT) on an invoice.

Our Partnership

For over 25 years, Vertex and SAP have worked closely together driving innovation and better business outcomes for our joint customers. Our partnership allows customers to benefit from automated tax technology and integrated solutions that enable more accurate and consistent taxation across the enterprise, and around the world. That is why SAP not only trusts Vertex to support their customers, but also relies upon Vertex solutions to meet their own business needs.

Powerful Benefits

Extend the value of the SAP Ariba Buyer system.

Improved ROI and faster time-to-value for the Vertex tax engine.

Increased efficiency of Finance, Tax, and IT teams.

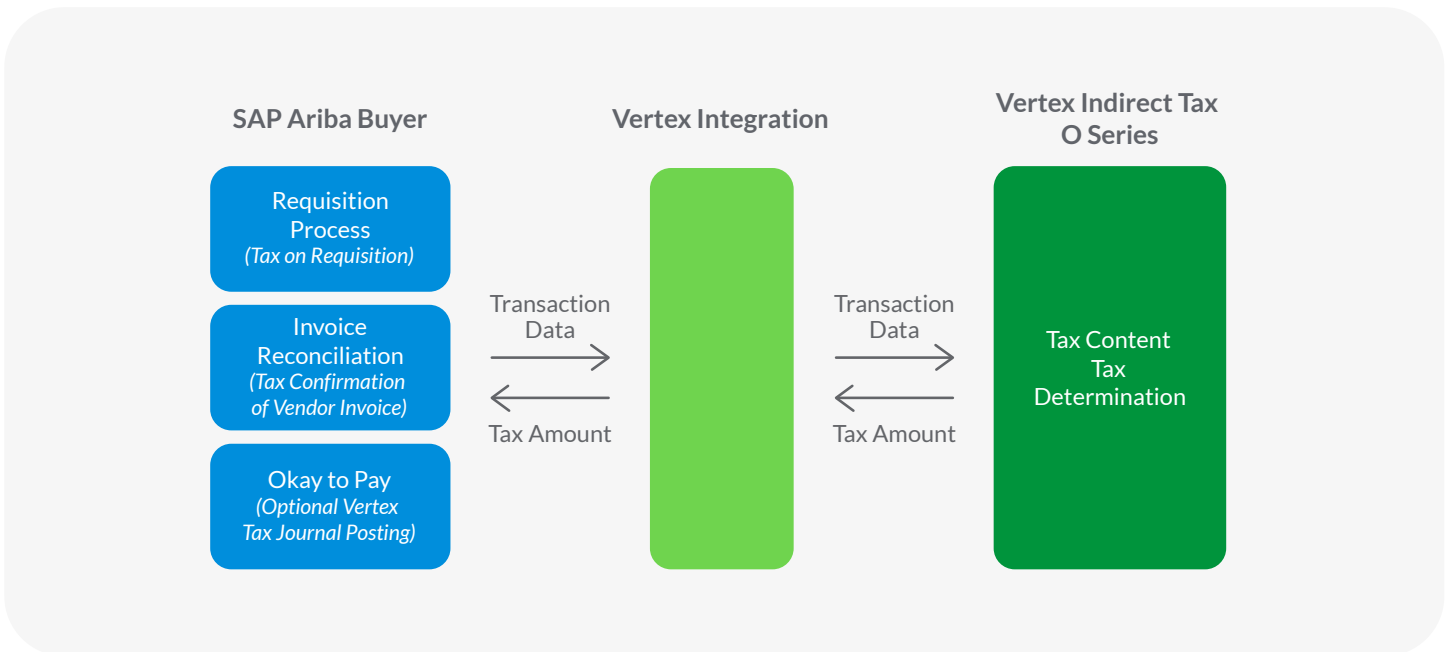

Improved scalability.

Backed by a global Vertex team of SAP-certified implementation consultants and support specialists.

Indirect Tax Determination for SAP Ariba Buyer

Vertex pulls the transaction details from SAP Ariba Buyer to calculate indirect tax in Vertex O Series and send that tax amount back to SAP Ariba Buyer.

About Vertex

Vertex Inc., is a leading global provider of indirect tax software and solutions. The company's mission is to deliver the most trusted tax technology enabling global businesses to transact, comply, and grow with confidence.
