

Vertex and SAP Concur Invoice

Consumer use tax determination

Improve tax determination with Vertex

Vertex provides powerful, automated tax determination for SAP Concur. A seamless integration enables location identification as well as complex taxability logic to deliver a precise tax calculation for every transaction. Integrating a Vertex tax engine ensures the latest tax content with reduced system update requirements.

Robust Integration

Vertex tax solutions for SAP Concur Invoice integrate seamlessly, providing an automated solution to help your businesses stay current with tax rates and rules, and improve the accuracy of use tax calculation on every expense transaction. This enables businesses to extend the value of their SAP investment by simplifying and automating use tax determination, reducing the burden on finance, tax, and technology teams, and lowering audit risk and exposure.

Our Partnership

For over 25 years, Vertex and SAP have worked closely together driving innovation and better business outcomes for our joint customers. Our partnership allows customers to benefit from automated tax technology and integrated solutions that enable more accurate and consistent taxation across the enterprise, and around the world. That is why SAP not only trusts Vertex to support their customers, but also relies upon Vertex solutions to meet their own business needs.
