

Vertex and SAP: Global Commerce for the Intelligent Enterprise

Leveraging a partnership built on helping businesses transact, comply, and grow with confidence. Vertex provides SAP customers with the innovation, expertise, and integrated technology to manage global indirect tax across the ecosystem.

Our Partnership

For over 25 years, Vertex and SAP have worked closely together to drive innovation and better business outcomes for our joint customers. Built and strengthened on the principle of a “trusted relationship” – our partnership allows customers to benefit from automated tax technology and integrated solutions that enable more accurate and consistent taxation across critical business functions in the enterprise and around the world. That is why SAP not only trusts Vertex to provide solutions and support to their global customers, but also relies upon Vertex indirect tax solutions to meet their own global business needs.

Vertex indirect tax solutions for SAP provide customers with the ability to support rapid growth and expansion. Whether that means millions of transactions and records, new business models, and/or new countries and tax compliance requirements – Vertex allows SAP customers to have confidence knowing they can transform and grow their business and ensure global tax and regulatory compliance across their Intelligent Enterprise.
