

FOR IMMEDIATE RELEASE

Vertex Indirect Tax Chain Flow Accelerator Achieves SAP® Certified Integration with RISE with SAP S/4HANA® Cloud

King of Prussia, PA – June 29, 2023 – [Vertex, Inc.](#) (NASDAQ:VERX) ("Vertex" or the "Company"), a global provider of tax technology solutions, announced today that its Vertex® Indirect Tax Chain Flow Accelerator has once again achieved SAP® certification as integrated with RISE with SAP S/4HANA® Cloud. The Chain Flow Accelerator reduces tax complexity by providing enhanced functionality for creation, configuration and visualization of transactions to improve value added tax (VAT) determination and efficiency.

Managing tax across Europe has become increasingly complex. For companies with cross border supply chains, ensuring consistent VAT treatment across all stages of a transaction requires constant management and configuration of data in the ERP system. The process is typically manual, complex, requires specific localized tax expertise, and involves significant support from IT.

Tax professionals use Vertex's Chain Flow Accelerator to ensure consistent VAT treatment across the transaction while improving accuracy, reducing overpayments, reducing IT support, increasing tax department efficiency, and improving audit performance.

"The recertification of the Vertex Chain Flow Accelerator for SAP S/4HANA Cloud recognizes the high standard by which we develop our industry leading tax and technology solutions," said Brian Wilchusky, senior director of SAP global partnerships, Vertex. "By achieving this exclusive designation, we continue to build on the strength of our decades-long partnership to elevate our customer's experience with trusted, cloud-based solutions at a global scale."

Vertex offers a full suite of [SAP-certified solutions](#) to help customers address their specific needs, regardless of how large their organization is, where they are conducting business or which combination of SAP solutions they are utilizing.

[The SAP Integration and Certification Center](#) (SAP ICC) has certified that the integration software for its Vertex® Indirect Tax Chain Flow Accelerator integrates with RISE with SAP S/4HANA Cloud using standard integration technologies.
