

Vertex and Microsoft Dynamics 365 Sales

Sales and Use Tax Determination

Improve tax determination with Vertex

Vertex provides powerful, automated tax determination for Microsoft Dynamics 365 Sales. A seamless turnkey integration delivers real-time tax calculations based on continually updated tax content and precise location determination for improved accuracy and efficiency.

Robust Integration

Vertex provides seamless integration to Microsoft Dynamics 365 Sales, simplifying sales and use tax determination for reduced audit risk and increased efficiency. Tax content is maintained in the Vertex tax engine which eliminates the need for continual Microsoft system updates. Developed and maintained by Vertex, the integration also offers flexible deployment options.
