

Vertex and NetSuite Legacy

Sales, Use, and Value Added Tax Determination

Improve tax determination with Vertex

Vertex provides powerful, automated tax determination for NetSuite Legacy. A seamless integration enables location identification as well as complex taxability logic to deliver a precise tax calculation for every transaction. Integrating a Vertex tax engine ensures the latest tax content with reduced system update requirements.

Robust Integration

Vertex tax solutions for NetSuite Legacy ERP (Single Company & OneWorld) integrate seamlessly to simplify the management of tax determination and compliance for even the most complex scenarios. This reduces the burden on your finance, tax, and technology teams, while increasing usability for reporting and returns, and reducing audit risk and exposure.

Our Partnership

A trusted partner since 2013, Vertex is a leader in the NetSuite ecosystem. Working together, we continually develop and deliver innovative tax solutions to help our joint customers extend the value of their NetSuite and Oracle investments, streamline global tax determination and compliance, and accelerate business growth.

Vertex is a member of the SuiteCloud Developer Network (SDN), with Built for NetSuite validated solutions for NetSuite ERP Legacy (Single Company and OneWorld), SuiteTax and SuiteCommerce.
