

Vertex and SAP: Global Commerce for the Intelligent Enterprise

Leveraging a partnership built on helping businesses transact, comply, and grow with confidence. Vertex provides SAP customers with the innovation, expertise, and integrated technology to manage global indirect tax across the ecosystem.

Our Partnership

For over 25 years, Vertex and SAP have worked closely together to drive innovation and better business outcomes for our joint customers. Built and strengthened on the principle of a “trusted relationship” – our partnership allows customers to benefit from automated tax technology and integrated solutions that enable more accurate and consistent taxation across critical business functions in the enterprise and around the world. That is why SAP not only trusts Vertex to provide solutions and support to their global customers, but also relies upon Vertex indirect tax solutions to meet their own global business needs.

“Vertex and SAP enable organizations to unlock scalable growth while seamlessly maintaining tax compliance across ERP, procurement, and e-commerce systems, delivering a truly integrated, end-to-end solution.”

- Nick Maglaris, NA Vice President, Partner Cloud Solutions, Software Partner Solutions & MSP, SAP America.

Vertex indirect tax solutions for SAP provide customers with the ability to support rapid growth and expansion. Whether that means millions of transactions and records,

new business models, and/or new countries and tax compliance requirements – Vertex allows SAP customers to have confidence knowing they can transform and grow their business and ensure global tax and regulatory compliance across their Intelligent Enterprise.

Powerful Benefits

Vertex and SAP are focused on improving the tax function and supporting business growth.

Improved tax & IT efficiency

Reduced risk

Streamlined tax and IT operations

Improved business scalability

Tax Determination Across the SAP Ecosystem

Superior Customer Experience

- Global team of implementation consultants with years of SAP experience bring deep functional and technical expertise to every engagement.
- Knowledgeable SAP-certified support specialists available to help maintain optimal performance.

Advanced Technology

Through our strong relationship with SAP, Vertex solutions align with SAP's Clean Core and extensibility models. By delivering tax automation without altering SAP's standard software stack, Vertex ensures customers can extend functionality while maintaining the stability and upgradability of their core ERP systems. Developed with SAP and our team of tax and SAP-certified technology experts, our solutions are developed to

meet the high standards of the SAP® Integration and Certification Center (SAP ICC). Certified to deliver enterprise performance, Vertex provides flexible solutions for any SAP application or platform.
